

Generating Reports

Generating Reports Overview

The CRPS provides the ability to generate several kinds of reports, as described below:

The system includes two different types of reports associated with the CRP Check functionality. There are reports that provide information on the CRP Checks that have been executed in the system. Each time that a CRP Check is executed, the check is stored in the Audit table to include the contractor checked, the username of the person executing the check, the date of the check, and the results of the check. There are four separate reports that allow slightly different ways of viewing this data. The Audit table records usage of the web application to execute CRP Checks as well as usage of the web portal to execute CRP Checks.

In addition to these reports, the system also includes two reports that provide the obligation data that is stored in the CRPS database. These reports provide all of the obligations stored in the CRPS database as of the most recent file download received by the CRPS. One of the reports provides all of the data; therefore, it is a very lengthy report. The other report allows you to select the obligations for contributing specific Agency (Revenue, L & I (Unemployment Compensation) and State Workman's Insurance Fund (SWIF).

Finally, a Performance Issue report is available *to those users with the role of PI Approver* in the system. The main purpose of this report is to report on the pending performance issues for an agency so that the approver is able to easily identify those that need to be approved. This report provides additional functionality beyond the email for approvers to ensure that all performance issues are approved, and none are missed. This report can also be used as a research mechanism for an agency or for the commonwealth as a whole.

This chapter will review the following activities:

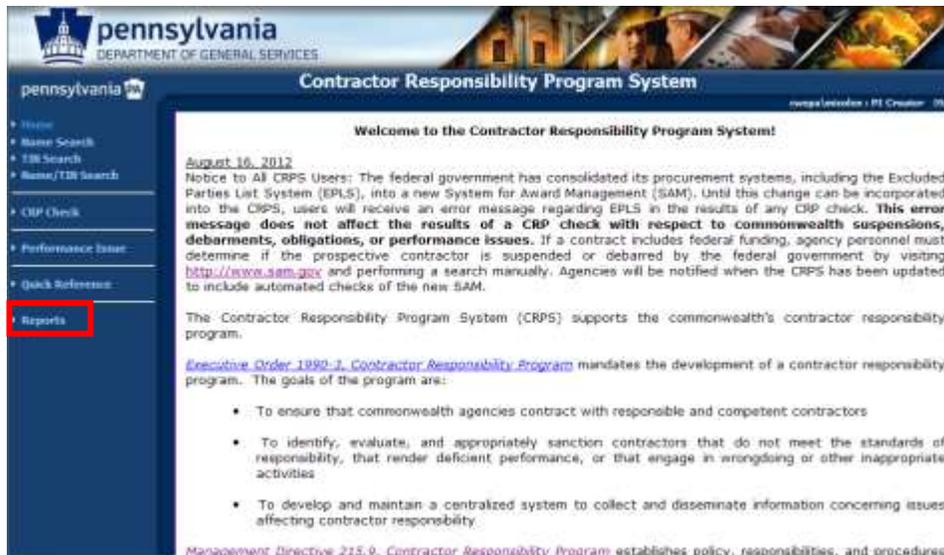

1. [Execute History of CRP Checks Report](#)
(By Vendor, By User, By User and Vendor, By Reason)
2. [Execute Vendor Obligations Report](#)
3. [Execute Performance Issues Report](#)

Demonstration 1: Execute History of CRP Check Reports (By Vendor, By User, By User and Vendor, By Reason)

1. Access the CRPS and select the **Reports** link on the left navigation pane.

The **Reports** page displays.

2. Select the dropdown menu in the **Reports List** field and choose one of the *History of CRP Checks* reports that you wish to view.

History of CRP Checks by Reason

The screenshot shows a web form titled "Reports". The "Report List" dropdown is set to "History of CRP Checks by Reason". The "Department" dropdown is set to "0". The "From Date" and "To Date" fields are empty. The "Reason Type" dropdown is set to "Obligations". The "Vendor Name", "Vendor SSN/EIN", "User Name", "Severity", and "PI Status" fields are empty. A "View Report" button is located at the bottom of the form.

Required parameters:

- **From Date**
- **To Date**
- **Reason Type** – Obligations, Suspension Debarment, EPLS*, Performance

The screenshot shows the same "Reports" form as above, but with the "Reason Type" dropdown menu open. The menu items are "Obligations", "Suspension Debarment", "EPLS", and "Performance". The "View Report" button is still visible at the bottom.

* To determine if the prospective contractor is suspended or debarred by a federal agency, you must perform a search manually in the SAM database by visiting <http://www.sam.gov>.

History of CRP Checks for a Specific User and Vendor

The screenshot shows a web form titled 'Reports'. The 'Report List' dropdown is set to 'History of CRP Checks for a Specific User and Vendor'. The 'Department' dropdown is set to '0'. The 'From Date' and 'To Date' fields are empty. The 'Reason Type' dropdown is set to 'Obligations'. The 'Vendor Name', 'Vendor SSN/EIN', 'User Name', 'Severity', and 'PI Status' fields are all empty. A 'View Report' button is located at the bottom of the form.

Required Parameters:

- **From Date**
- **To Date**
- **Vendor Name**
- **Vendor SSN/EIN**
- **User Name**

History of CRP Checks for a Specific Vendor

The screenshot shows a web form titled 'Reports'. The 'Report List' dropdown is set to 'History of CRP Checks for a Specific Vendor'. The 'Department' dropdown is set to '0'. The 'From Date' and 'To Date' fields are empty. The 'Reason Type' dropdown is set to 'Obligations'. The 'Vendor Name', 'Vendor SSN/EIN', 'User Name', 'Severity', and 'PI Status' fields are all empty. A 'View Report' button is located at the bottom of the form.

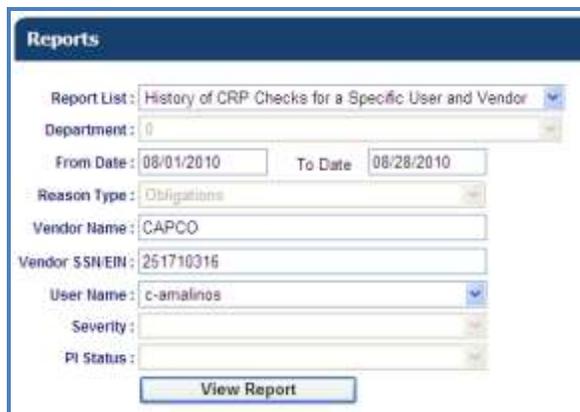

Required Parameters:

- **From Date**
- **To Date**
- **Vendor Name**
- **Vendor SSN/EIN**

3. History of CRP Checks for a Specific User and Vendor

Enter the required parameters for the report:

- **From Date**
- **To Date**
- **Vendor Name**
- **Vendor SSN/EIN**
- **User Name**

The screenshot shows a web form titled 'Reports'. The 'Report List' dropdown is set to 'History of CRP Checks for a Specific User and Vendor'. The 'Department' dropdown is set to '0'. The 'From Date' is '08/01/2010' and the 'To Date' is '08/28/2010'. The 'Reason Type' dropdown is set to 'Obligations'. The 'Vendor Name' text box contains 'CAPCO'. The 'Vendor SSN/EIN' text box contains '251710316'. The 'User Name' dropdown is set to 'c-amalinos'. The 'Severity' and 'PI Status' dropdowns are empty. A 'View Report' button is at the bottom.

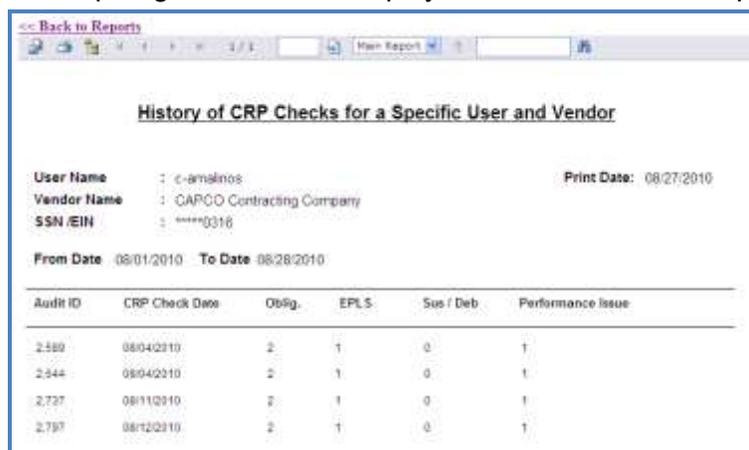

The selections in the above screenshot will produce a report listing all CRP Checks executed for CAPCO, 251710316 by c-amalinos between August 1, 2010 and August 28, 2010.

If the report is to include any CRP Checks executed on the current date, then the **To Date** entered must be the next day's date. For instance if today is 8/25/2010 and the CRP Checks executed on 8/25/2010 should be included in the report, then the **To Date** entered must be 8/26/2010.

4. Select the **View Report** button.

The report generates and displays. You also have the option to export and/or print the report*.

The screenshot shows the generated report titled 'History of CRP Checks for a Specific User and Vendor'. It includes a header with 'User Name : c-amalinos', 'Vendor Name : CAPCO Contracting Company', 'SSN /EIN : *****0316', and 'Print Date: 08/27/2010'. Below this, it shows 'From Date : 08/01/2010' and 'To Date : 08/28/2010'. A table follows with the following data:
