The Selections Committee for the Department of General Services will meet to consider selection of Design Professional for the following projects:

**PROJECT NO. DGS 503-25 Phase 1** – Danville State Hospital - Roof Replacement Project, Montour County, PA. Construction Cost: $2,110,000.00. The scope of work includes, but is not limited to, total and partial roof replacement on various facility buildings to include removal and disposal of roof systems down to structural decks and other defective accessories such as flashing, copings and miscellaneous metal associated with existing roof coverings.

**Project NO. DGS 557-24 Phase 1** – South Mountain Restoration Center – Electrical Upgrades, Franklin County, PA. Construction Cost: $3,250,000.00. The scope of work includes, but is not limited to, investigation of existing conditions, preparation of a single line diagram, and replacement of the entire main electrical distribution system. The project shall increase the resiliency by fully utilizing advantages of utility connections, decrease risk of equipment failure and eliminate power outages. It should increase safety for staff, occupants and visitors to the site, plan for current and future electrical needs to facility, recapitalize existing assets, remove abandoned facilities and to eliminate maintenance or safety issues.

**PROJECT NO. DGS 577-36 Phase 10** – SCI Graterford – Access Road Repairs, Montgomery County, PA. Construction Cost: $600,000. The scope of work includes, but is not limited to replace and repair existing bituminous pavement on access road that is in various forms of deterioration.

**PROJECT NO. DGS 948-98 Phase 1** – Capitol Complex – Automation System Upgrades, Dauphin County, PA. Construction Cost: $3,200,000. The scope of work includes, but is not limited to, removal of poorly functioning BAS integrations and installation of standard building control system, installation of new electric and water metering devices, CO2 and occupancy sensors, and upgrades to end-of-life systems.
PROJECT NO. DGS 969-17 Phase 1 – Hollidaysburg Veteran’s Home – Construction of New Community Living Center, Blair County, PA. Construction Cost: $60,000,000. The scope of work includes, but is not limited to, a new 200 bed state-of-the-art facility that is safe, increases operational efficiency and decreases life-cycle cost. Features will include a “Point of Service” short order cooking area within the dining rooms, flexible assembly space, adequate light levels, appropriate climate controls and overall design with intent to create “home-like” atmosphere.
