

How to Pre-Qualify as an ITQ Supplier

Once registered on the Commonwealth of Pennsylvania JAGGAER Supplier Management System, you can then pre-qualify as an ITQ supplier.

An ITQ Contract is the name given to certain multiple award contracts issued by the Commonwealth of Pennsylvania pursuant to Section 517 of the Procurement Code.

To prequalify as an ITQ supplier, review each ITQ Contract's Statement of Work (SOW) to identify the appropriate contract and commodity code. [Click here](#) to view all ITQ contracts on the DGS ITQ website.

Select the commodity code identified with an "ITQ-###" extension (ex. 53100000-ITQ1). The commodity codes are defined under the *Material/Service Categories*. If you need further assistance, please contact the Issuing Officer listed on the SOW.
