E. COSTARS Reporting Requirements. If you checked “Yes” in Step 6 when developing your qualification bid for the ITQ contract, you agreed to participate in the Commonwealth’s COSTARS program, and you are bound by the COSTARS Purchasers Provision contained within this Statement of Work. The requirement to report COSTARS sales to DGS’ COSTARS Program Office is contained in Section E of the COSTARS Purchasers Provision. By agreeing to participate in the COSTARS program, you are required to report COSTARS sales to DGS on a quarterly basis. Even if you had no COSTARS sales, you must file a report.

COSTARS sales for the ITQ contract can now be reported through the automated COSTARS sales reporting system located on the COSTARS website. Information required will be your vendor number, contract number, date of sale, customer name and the amount of the sale. It is also recommended that you record the COSTARS Member ID number. Detailed instructions appear below.

The deadline for submitting sales information is the 15th day of the month following the end of the quarter. Failure to report COSTARS sales is in breach of contract, and may result in DGS suspending your participation in the COSTARS program.
Note: This system is to be used to record sales to COSTARS members ONLY! ZERO sales for a particular quarter must also be reported.

F. Prices. The bid submitted by the successful Bidder will be incorporated into any resulting Contract and the Bidder will be required to provide the awarded item(s) at the prices quoted in its Bid.

G. Approved Equal. Whenever an item is defined in this IFB by trade name and catalogue number of a manufacturer or vendor, the term 'or approved equal,' if not inserted therewith shall be implied. Any reference to a particular manufacturer's product either by trade name or by limited description is solely for the purpose of more clearly indicating the minimum standard of quality desired, except where a 'no substitute' is requested. When a 'no substitute' is requested, the Issuing Office will consider Bids for the referenced product only. The term 'or approved equal' is defined as meaning any other make which, in the sole opinion of the Issuing Office, is of such character, quality, and performance equivalence as to meet the standard of quality of products specified for which it is to be used equally as well as that specified. A Bidder quoting on a product other than the referenced product shall: a) furnish complete identification in its Bid of the product it is offering by trade name, brand and/or model number; b) furnish descriptive literature and data with respect to the substitute product it proposes to furnish; and c) indicate any known specification deviations from the referenced product.
H. Alternates. A Bidder who wants to offer an alternate must notify the Issuing Office in writing, at least five (5) days prior to the scheduled Bid opening, that the Bidder intends to offer an alternate in its Bid. An "alternate" is a product that deviates from the requirements of the specifications in its composition, qualities, performance, size dimension, etc. The written notification from the Bidder must include a complete description of the alternate and must identify the product's deviations from the specifications. Upon receipt of the notification, the Issuing Office will determine whether the alternate is acceptable. If the Issuing Office, in its discretion, determines that the alternate is acceptable, the Issuing Office will issue a change notice to the invitation for bids that revises the specifications. If no change notice is issued revising the specification, a Bid offering the alternate will not be considered for award. If an item or items in the IFB are designated “no substitute,” this provision does not apply, and no alternate may be proposed by a bidder nor will any alternate be considered by the Issuing Office.

I. New Equipment. Unless otherwise specified in this ITQ, all products offered by Contractors must be new or remanufactured. A 'new' product is one that will be used first by the Commonwealth after it is manufactured or produced. A 'remanufactured' product is one which: 1) has been rebuilt, using new or used parts, to a condition which meets the original manufacturer's most recent specifications for the item; 2) does not, in the opinion of the Issuing Office, differ in appearance from a new item; and 3) has the same warranty as a new item. Unless otherwise specified in this invitation for bids, used or reconditioned products are not acceptable. This clause shall not be construed to prohibit Contractors from offering products with recycled content, provided the product is new or remanufactured.

J. Post-Submission Descriptive Literature. The Commonwealth may, during its evaluation of the bids, require any Contractor to submit cuts, illustrations, drawings, prints, test data sheets, specification sheets and brochures which detail construction features, design, components, materials used, applicable dimensions and any other pertinent information which the Issuing Office may require in order to evaluate the product(s) offered. The required information must be submitted within two (2) business days after notification from the Issuing Office. Failure to submit the required information prior to the expiration of the second business day after notification shall result in the rejection of the bid as non-responsive.

K. Reciprocal Limitations Act. Electronic Submittal (February 2007) This procurement is subject to the Reciprocal Limitations Act. Bidders must complete and submit with the Bid Response the State of Manufacture Chart, which is contained in GSPUR-89 ("Reciprocal Limitations Act Requirements") which is attached to and made part of this IFB. The completed State of Manufacture Chart should be submitted as part of the Bid Response.

L. Iran Free Procurement Certification and Disclosure. Electronic Submittal (November 2016) Prior to entering a contract worth at least $1,000,000 or more with a Commonwealth entity, a bidder must: a) certify it is not on the current list of persons engaged in investment activities in Iran created by the Pennsylvania Department of General Services (“DGS”) pursuant to Section 3503 of the Procurement Code and is eligible to contract with the Commonwealth under Sections 3501-3506 of the Procurement Code; or b) demonstrate it has received an exception from the certification requirement for that solicitation or contract pursuant to Section 3503(e). All bidders must complete and return the Iran Free Procurement Certification form, which is attached hereto and made part of this IFB. The completed and signed Iran Free Procurement Certification form must be submitted with the Bid Response.

M. Tie Bids/Quotes. All tie bids/quotes will be broken by the Issuing Office.
N. Prompt Payment Discounts. Prompt payment discounts will not be considered in making an award. If prompt payment discounts are offered by any Contractor, however, the Issuing Office will take advantage of such offer.

REQUEST FOR QUOTES (RFQ) PROCEDURES: Commonwealth Agencies will issue an RFQ to qualified Contractors, through the Commonwealth’s Custom Portal, powered by the JAGGAER system. Contractors will respond to the RFQ in the system. The requesting Agencies may require the qualified Contractors to furnish, upon request, additional documentation in the RFQ. The qualified Contractors selected for the RFQ process will receive a Purchase Order (PO) and will supply the service to meet the specific requirements as indicated in the RFQ.

Agencies will exercise a scoring method based upon the criteria set forth in the RFQ. The Scoring Methods are defined as follows:

- Best Value
  - Refers to the process of selecting the quote which provides the greatest value to the agency based on evaluating and comparing all pertinent criteria, including cost, so that the Contractor whose overall proposal best suits the agency’s needs is selected for each individual project; and
- Low Cost
  - Refers to the lowest cost quoted from all proposals received that are deemed both responsive and responsible for the project.
