

**STATEMENT OF WORK
READY MIXED CONCRETE AND CEMENT/CONCRETE PRODUCTS
INVITATION TO QUALIFY (ITQ) CONTRACT**

OVERVIEW: The purpose of this Invitation to Qualify (ITQ) is to qualify responsible and responsive suppliers for the provision of Ready Mixed Concrete and Cement/Concrete Products to the Pennsylvania Department of Transportation (PennDOT) and other Commonwealth agencies. In addition, Local Public Procurement Units (COSTARS), as defined by the Commonwealth Procurement Code, may use this contract in accordance with the COSTARS Provision contained within this document.

This ITQ will result in a contract that is the first step in a two-step procurement process. Only those suppliers that respond to this ITQ, and that the Department of General Services (DGS) finds to be qualified (Qualified Suppliers), and thus awarded a Contract, will be eligible to participate in the second step.

The second step involves the issuance of Requests for Quotes (RFQ) to the Qualified Suppliers. Through this two-step process, the Qualified Suppliers are offered the opportunity to submit prices for specific needs for ready mixed concrete and cement/concrete products to be supplied to using agency locations. The Qualified Supplier selected through the RFQ process will supply materials to meet specific requirements of the Commonwealth as indicated in requirements of the RFQ.

Suppliers interested in submitting an ITQ to become a Ready Mixed Concrete and Cement/Concrete Products supplier must meet/adhere to the following requirements:

- A. For PennDOT orders, Suppliers will be required to furnish the various Ready Mixed Concrete and Cement/Concrete Products in accordance with the Pennsylvania Department of Transportation PUB 408 (latest edition) Specifications and Standard Special Provisions and the PUB 42, Producers of Ready-Mix Concrete - Bulletin 42 or PUB 35, Qualified Products List for Construction - Bulletin 15 (latest editions). Non-PennDOT users of this contract may procure materials not meeting Publication 408 requirements upon that Agency's specific request.
- B. The PennDOT Laboratory Testing Section, Materials and Testing Lab, 81 Lab Lane, Harrisburg, PA must approve all materials and sources used in conjunction with this contract. Qualified Suppliers shall provide only Bulletin 42 or 15 approved materials from a Bulletin 42 or 15 approved source. Suppliers who provide materials from a source that has been suspended or lost Bulletin 42 or 15 approval status, or provide specific materials that have been suspended or lost Bulletin 42 or 15 approval status will be required to stop delivery on any open orders and will not receive additional requests for quotes until reinstated by PennDOT.
- C. Suppliers will be expected to supply Ready Mixed Concrete and Cement/Concrete Products at the price quoted in their responses to the RFQ(s) and in accordance with all terms and conditions of the awarded contract. Suppliers shall be paid only for the materials as specified in the RFQ and then awarded on the Purchase Order issued by the using agency.
- D. It is understood that RFQ's for delivered materials are FOB destination.
- E. Materials must pass on-site receiving inspections to ensure compliance with minimum specification requirements including, but not limited to, no contamination by foreign material and no clumping of material. If material is rejected in an inspection, the supplier shall receive no reimbursement. The supplier will be responsible for removing the rejected material at no additional cost to the Commonwealth.

- F. If a supplier is having difficulty furnishing materials against a Commonwealth Purchase Order from the selected contract source(s), the supplier may request permission from the using agency (District Executive or their designee, in the case of PennDOT) to supplement shipments from another approved Ready Mixed Concrete and Cement/Concrete Products source in order to honor a Purchase Order. It does not matter if it is a competitor's source. The condition is that regardless of change of source, the using agency will pay the lowest delivered cost per ton; i.e. if the supplemental source is closer than the original source, mileage is charged from the supplemental source but the mileage rate is the lower of the original source and supplemental source. If a supplier wishes to implement this clause, they must provide material from a source approved prior to the bid opening.
- G. In the event of an emergency situation that threatens public health, welfare or safety, or for circumstances outside the control of the agency that creates an urgency of need and does not permit time to solicit competitive bids, using agencies may obtain materials necessary to avert a crisis without soliciting bids.

E. COSTARS Reporting Requirements. If you checked “Yes” in Step 6 when developing your qualification bid for the ITQ contract, you agreed to participate in the Commonwealth’s COSTARS program, and you are bound by the COSTARS Purchasers Provision contained within this Statement of Work. The requirement to report COSTARS sales to DGS’ COSTARS Program Office is contained in Section E of the COSTARS Purchasers Provision. By agreeing to participate in the COSTARS program, you are required to report COSTARS sales to DGS on a quarterly basis. Even if you had no COSTARS sales, you must file a report.

COSTARS sales for the ITQ contract can now be reported through the automated COSTARS sales reporting system located on the COSTARS website. Information required will be your vendor number, contract number, date of sale, customer name and the amount of the sale. It is also recommended that you record the COSTARS Member ID number. Detailed instructions appear below.

The deadline for submitting sales information is the 15th day of the month following the end of the quarter. Failure to report COSTARS sales is in breach of contract, and may result in DGS suspending your participation in the COSTARS program.

Note: This system is to be used to record sales to COSTARS members ONLY! ZERO sales for a particular quarter must also be reported.

F. New Equipment. Unless otherwise specified in this ITQ, all products offered by Contractors must be new or remanufactured. A 'new' product is one that will be used first by the Commonwealth after it is manufactured or produced. A 'remanufactured' product is one which: 1) has been rebuilt, using new or used parts, to a condition which meets the original manufacturer's most recent specifications for the item; 2) does not, in the opinion of the Issuing Office, differ in appearance from a new item; and 3) has the same warranty as a new item. Unless otherwise specified in this invitation for bids, used or reconditioned products are not acceptable. This clause shall not be construed to prohibit Contractors from offering products with recycled content, provided the product is new or remanufactured.

G. Post-Submission Descriptive Literature. The Commonwealth may, during its evaluation of the bids, require any Contractor to submit cuts, illustrations, drawings, prints, test data sheets, specification sheets and brochures which detail construction features, design, components, materials used, applicable dimensions and any other pertinent information which the Issuing Office may require in order to evaluate the product(s) offered. The required information must be submitted within two (2) business days after notification from the Issuing Office. Failure to submit the required information prior to the expiration of the second business day after notification shall result in the rejection of the bid as non-responsive.

H. Tie Bids/Quotes. All tie bids/quotes will be broken by the Issuing Office.

I. Prompt Payment Discounts. Prompt payment discounts will not be considered in making an award. If prompt payment discounts are offered by any Contractor, however, the Issuing Office will take advantage of such offer.

REQUEST FOR QUOTES (RFQ) PROCEDURES: Commonwealth Agencies will issue an RFQ to qualified Contractors, through the Commonwealth's Custom Portal, powered by the JAGGAER system. Contractors will respond to the RFQ in the system. The requesting Agencies may require the qualified Contractors to furnish, upon request, additional documentation in the RFQ. The qualified Contractors selected for the RFQ process will receive a Purchase Order (PO) and will supply the service to meet the specific requirements as indicated in the RFQ.

Agencies will exercise a scoring method based upon the criteria set forth in the RFQ. The Scoring Methods are defined as follows:

- Best Value
 - Refers to the process of selecting the quote which provides the greatest value to the agency based on evaluating and comparing all pertinent criteria, including cost, so that the Contractor whose overall proposal best suits the agency's needs is selected for each individual project; and
- Low Cost
 - Refers to the lowest cost quoted from all proposals received that are deemed both responsive and responsible for the project.
