Part IV Chapter 03
Sole Source Procurements of Construction
with an Estimated Cost Exceeding $10,000

A. Definitions.

1. “Construction” includes maintenance, alteration, repairs, renovation, improvements, building and demolition.

2. “Project” includes all work necessary to complete the entire scope of work, including all general construction, hazardous material removal, fire suppression, elevator, HVAC, plumbing and electrical work.

B. Scope. The following procedure must be used by agencies when construction to be procured directly from a contractor:

1. Is not listed on an effective DGS statewide requirements contract; and

2. Is only available from or must be obtained from one source; and

3. Has a total estimated construction cost which exceeds $10,000.

C. General.

1. Construction can be procured on a sole source basis only if at least one of the conditions listed in Section D exists.

2. Agencies must complete and submit a Sole Source Fact Sheet and Checklist for Construction. The Sole Source Fact Sheet and Checklist for Construction can be found in the Procurement Forms tab on the right-hand toolbar of the DGS website.

3. For sole source procurements exceeding $100,000, the contractor must submit a Cost or Pricing Data Certification Form and certify to the best of its knowledge and belief, that the submitted cost and pricing data is accurate, complete and current. If the contractor price is based upon established catalog or market prices, the contractor may submit copies of catalog or published market prices in lieu of cost and pricing data. The Cost or Pricing Data Certification form can be found on the DGS website, right-hand tool bar under Procurement Forms.

4. The agency must maintain a record listing of all agency sole source contracts for a minimum of three years from the date of final payment.

5. When the purchase order or contract is issued to the contractor, the agency shall send a Political Contributions Letter to the contractor reminding the contractor of its responsibility to file a report, by February 15 of each year, with the Secretary of the Commonwealth of all political contributions made by:

a. Any officer, director, associate, partner, limited partner or individual owner or members of their immediate family whose political
contribution exceeded one thousand dollars ($1,000) by any individual during the preceding year; or

b. Any employee of the contractor or members of his immediate family whose political contribution exceeded one thousand dollars ($1,000) during the preceding year.

D. Checklist of Reasons for Sole Source Procurements. The following is a checklist for all sole source procurements for construction items.

1. Only a single contractor is capable of providing the construction.
   a. Only known source – similar construction not available from another contractor.
   b. Construction must be provided by contractor to ensure compatibility and/or warranties.
   c. Supply must be compatible with existing equipment.

2. A federal or state statute or federal regulation exempts the construction from competitive procedures.

3. The contract for construction is in the best interests of the Commonwealth.
