

Pennsylvania Standards Laboratory

Bio-Medical/Chemical Cleanliness Certification

Due to the increasing incidences of bio-medical and chemical infections and threats of terrorism, the Pennsylvania Standards Laboratory is requesting that the attached form be completed and signed by a responsible individual for each and every submission of mass standards (either directly or indirectly) by the pharmaceutical, bio-medical, and chemical industries. The completed form is to accompany the mass standards when delivered for testing.

Are these mass standards in any way used in a pharmaceutical, bio-medical, or chemical environment?

Yes No

If yes, are these mass standards directly or indirectly exposed to materials that could in any way be considered hazardous to human beings?

Yes No

If yes, have decontamination procedures been performed on these mass standards?

Yes No

If you have a written policy or procedure to ensure cleanliness of materials leaving your facility please provide us with a copy.
