COSTARS is a cooperative purchasing program managed by the Bureau of Procurement. It encourages a partnership between local public procurement units and state-affiliated entities ("members") and the Commonwealth.

Several thousand eligible entities are currently taking advantage of existing Commonwealth contracts. Examples include Furniture, Heavy Equipment Rental, Office Supplies, MRO, Sodium Chloride (road salt), Vehicles, and Voting Systems.

It is estimated that COSTARS members spend $1 billion per year using Commonwealth contracts and save more than $220 million per year in transactional and spend cost reductions.

Our goal is to provide contracts with competitive pricing, while providing increased opportunities for suppliers and eligible participants.

Green Procurement

The Commonwealth of Pennsylvania is a significant purchaser of materials and services and is uniquely positioned to leverage our purchasing power to influence both price and availability in the marketplace.

“Green” or Environmentally Preferable Procurement (EPP) is the selection of products and services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose.

Our policy is to analyze each item during the bid process to determine what EPP options are available. The “green” option is utilized whenever the product or service in question is comparable in quality, availability and price.

**Misc. Information**

**Electronic Bidding** – All the registered suppliers with the Commonwealth of Pennsylvania have the opportunity to bid on designated solicitations issued electronically. Electronic bidding is the transfer of proposal bid data between the Commonwealth of Pennsylvania and suppliers electronically via the Internet using digital ID and encryption technology and it will supplement or replace traditional paper bid documents.

With Electronic Bidding, when the supplier digitally signs and submits a bid via the Internet, no paper is required. With electronic submission of bids, the amount of data entry and paper waste on both sides is greatly reduced.

**Facsimile Bids** – Facsimile Bids are not accepted for any reason.

**Security** – If Bid and/or Contract Security is required, the bid solicitation document will indicate the exact type and amount of the security needed.
