### **Step 2: Register as a New Supplier:**

Please go to <https://pasupplierportal.state.pa.us> and click the "New Supplier Registration" link located on the left navigation menu. You may select the "Supplier Service Center" link at any time to access instructions and help documents for the registration process.

**NOTE:** The PA Supplier Portal **ONLY** works on computers using Windows 7.0, 8.0, and 8.1 with Internet Explorer 9.0 through 11.0

Registering through the Pennsylvania Supplier Portal will provide the Commonwealth legal information with which it will conduct its business with you. It will also provide an IRS Form 1099 for your review.

**Important:** When selecting "Which Product Categories can you Deliver, select the **"Materials & Services"** box. This initiates an update to our vendor records with your company information and continues the vendor registration process.

After completing this portion of the "SRM" registration, you will be prompted to create a User Name and Password, then enter the name and email address of the person who is to be the Administrator on this account. When complete, you will see a notification message at the top of the screen that you have successfully registered as a Procurement Vendor and receive your Vendor Number. The Vendor Number will start with four (4) zeros (0000), you may disregard this and focus on the last 6 numbers. This will be your six (6) digit SAP Vendor Number. You will enter this number at the top of every estimate and invoice you send to the Department of General Services for processing. After a minimum of 30 minutes, you will eventually receive an email confirming your successful registration and be able to continue on to **Step 3** to complete the Service Application for Auto Service Facilities.

### **Step 3: Complete Service Application:**

Log in to the SRM supplier portal at <https://pasupplierportal.state.pa.us> by selecting the **Log on** box in the upper right hand corner and entering the User Name and Password you just created.
