To avoid a 2.00% Late Payment Charge being added to your bill, please pay the **Amount Due** by the Due Date.

Your current **PRICE TO COMPARE** for generation and transmission from West Penn Power is listed below. For you to save, a supplier's price must be lower.

**General Power Service - 0007328876 - 4.80 cents per KWH**

Your next meter reading is scheduled to occur on or about Jan 08, 2018.

Your bill includes \$15.22 in PA taxes, of which \$12.07 is PA gross receipts tax.

Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utilities Commission regulates distribution prices and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

Customers receiving Default Service have a new Price to Compare (PTC), effective March 1, 2017. Please review the PTC information shown on page one of your bill. You can save money by switching to an electric generation supplier that offers a lower price than your PTC.

Effective July 1, 2016, the Distribution System Improvement Charge has been added to your bill. This charge recovers costs incurred to repair, improve or replace infrastructure that the Company uses to deliver electricity to its customers.
