

Date of Issue: September 23, 2020

Department of General Services  
Energy and Resource Management Office  
401 North Street, Room 403 North Office, Harrisburg, PA 17120

**Bulletin Number 2**

on

**Project No. GESA 2020-1** – Request for Quotes for a Guaranteed Energy Savings Project at:  
Department of Corrections, SCI Fayette, La Belle, Pennsylvania

Quote Submission Deadline: Monday, October 5, 2020

Time of Opening: 2:00 PM

**REQUEST FOR INFORMATION**

1. Can SCI Fayette provide boiler logs from Fayette Thermal for hourly or daily production? **SCI Fayette does not have any boiler logs.**
2. Please provide a copy of a current invoice for sewer use and electricity use. **See Attachment A, of this bulletin, for a sewer invoice and Attachment B, of this invoice, for an electricity invoice.**
3. Are there any existing control system drawings that we may review at SCI Fayette? **The available drawings for the Building Automation Controls are attached as Attachment C of this bulletin.**
4. Please elaborate on the existing ventilation issues relating to Dietary and K-Block. **The ventilation system in Dietary and “K” block is not sufficient enough to exhaust the steam out of the dish rooms and the inmate bathroom on “K” block. These rooms become extremely hot when they are washing the trays in dietary and the inmates are showering on “K” block.**
5. Could you please clarify whether steam and associated payments (e.g. parts, supplies, wages, etc.) can be used in the cost savings calculations? Especially in light of the "without usage of O&M savings or energy related cost savings" language in the Scoring Matrix for ECM/Cost Submission. **Assuming that the “steam and associated payments” is referring to the contracted steam services then yes, these can be included in the savings calculations.**
6. Does the Department of Corrections or DGS have a preferred tubular LED technology (i.e. Type A, B, or C)? **No; type A & B are currently being used on site.**
7. Do current back-up generators support 100% of the prison's electrical loads during a power outage? **Currently, yes.**

8. It appears that an arc flash study was done on switchgear SG3 in the central plant. Is it possible to obtain a copy of the study? **Unfortunately, SCI Fayette does not have any records concerning this study.**
9. Please provide steam consumption based on steam meter readings by Fayette Thermal. Is it possible to obtain hourly steam use data from Fayette Thermal? **The last two (2) months bills for Fayette Thermal are attached as Attachment D of this bulletin. SCI Fayette pays Fayette Thermal for 11,666,67 K lbs. of steam every month.**
10. What is the operational season of the SCI Fayette absorption chillers? Does the facility require cooling in winter, or do they only operate May-October, for example? **The chillers are typically running May through October.**

### **RFQ CHANGES**

1. Would the Commonwealth consider extending the quote submission deadline? **Yes; the new deadline is Tuesday, October 13, 2020. Replace RFQ section 1.37 "Calendar of Events" with Attachment E of this bulletin.**

---

Rebecca Tomlinson, RFQ Coordinator  
Energy & Resource Management Office

<b>Messages</b>				
To avoid a 2.00% Late Payment Charge being added to your bill, please pay the <b>Amount Due</b> by the Due Date.				
Your current <b>PRICE TO COMPARE</b> for generation and transmission from West Penn Power is listed below. For you to save, a supplier's price must be lower.				
<b>General Power Service - 0007211109 - 5.60 cents per KWH</b>				
Your next meter reading is scheduled to occur on or about Sep 09, 2020.				
Your bill includes \$7.74 in PA taxes, of which \$6.14 is PA gross receipts tax.				
Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utilities Commission regulates distribution prices and services. The Federal Energy Regulatory Commission regulates transmission prices and services.				
We continue to find ways to assist customers during the coronavirus pandemic and its aftereffects. We will resume disconnects for non-payment no sooner than September 15, 2020, and will comply with any state orders to postpone these activities as long as necessary. However, field personnel following proper safety measures, may be in the community performing customer outreach starting in August. Customers who are having difficulty paying their bills should call us to arrange an affordable payment plan. These arrangements will not interfere with any future payment options customers may choose. We encourage all customers with overdue balances who are unable to reach a payment arrangement to pay what they can to keep their total balance as manageable as possible. For information about assistance programs residential customers may be eligible for, please visit <a href="http://www.firstenergycorp.com/billassist">www.firstenergycorp.com/billassist</a> .				
FirstEnergy has established a customer service team dedicated to our non-residential customers. This team can provide helpful information on available assistance programs and offer payment arrangements if needed. If you would like more information, please contact your utility company and ask to speak to a member of the Small Business Team. Members of this team are available 8:00 am - 6:00 pm, Monday through Friday, excluding holidays.

These arrangements will not interfere with any future payment options customers may choose. We encourage all customers with overdue balances who are unable to reach a payment arrangement to pay what they can to keep their total balance as manageable as possible. For information about assistance programs residential customers may be eligible for, please visit <a href="http://www.firstenergycorp.com/billassist">www.firstenergycorp.com/billassist</a> .		Aug 17, 2020 KWH Reading (Actual)		45,655.091		
FirstEnergy has established a customer service team dedicated to our non-residential customers. This team can provide helpful information on available assistance programs and offer payment arrangements if needed. If you would like more information, please contact your utility company and ask to speak to a member of the Small Business Team. Members of this team are available 8:00 am - 6:00 pm, Monday through Friday, excluding holidays.		Jul 17, 2020 KWH Reading (Actual)		44,964.212

Messages																						
To avoid a 1.50% Late Payment Charge being added to your bill, please pay the <b>Amount Due</b> by the Due Date.																						
Your current <b>PRICE TO COMPARE</b> for generation and transmission from West Penn Power is listed below. For you to save, a supplier's price must be lower.																						
<b>Domestic Service - 0007320533 - 5.13 cents per KWH</b>																						
Your next meter reading is scheduled to occur on or about Sep 09, 2020.																						
Your bill includes \$0.79 in PA taxes, of which \$0.63 is PA gross receipts tax.																						
Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utilities Commission regulates distribution prices and services. The Federal Energy Regulatory Commission regulates transmission prices and services.																						
During extended heat waves, you might use more electricity to cool your home. If you're having trouble paying your electric bill, please call our toll-free customer service number immediately so one of our representatives can discuss payment plans that might be available to you.																						
We continue to find ways to assist customers during the coronavirus pandemic and its aftereffects. We will resume disconnects for non-payment no sooner than September 15, 2020, and will comply with any state orders to postpone these activities as long as necessary. However, field personnel following proper safety measures, may be in the community performing customer outreach starting in August. Customers who are having difficulty paying their bills should call us to arrange an affordable payment plan. These arrangements will not interfere with any future payment options customers may choose. We encourage all customers with overdue balances who are unable to reach a payment arrangement to pay what they can to keep their total balance as manageable as possible. For information about assistance programs residential customers may be eligible for, please visit <a href="http://www.firstenergycorp.com/billassist">www.firstenergycorp.com/billassist</a> .																						
An important message to dog owners - to ensure that our meter readers' visits to your home are safe and productive, please keep your dog secured in an area away from the path to your meter.
