¹ SBA Woman-Owned Small Business (WOSB) and Economically Disadvantaged Woman-Owned Small Business (EDWOSB), National Association of Women Business Owners (NAWBO), and National Veteran-Owned Business Association (NaVOBA) are not accepted for verification at this time.

² Formerly Vets First Verification Program (VetBiz) through the Department of Veterans Affairs.

Dominance:
A business dominant in its field of operation is one that exercises control or major influence in its industry.

Independence:
Factors that determine independent ownership include the date the business was established together with its relationship with other firms in terms of operational and managerial control, personnel, facilities, equipment, financial support, exclusive dealings, and the extent to which resources are shared with other firms. A business that is a subsidiary of another business or is owned principally by another business entity or by a trust (including an employee stock ownership plan) does not meet this requirement. However, if a parent or holding company, established for tax, capitalization, or other purposes consistent with industry practice, in turn owns and controls an operating subsidiary, the subsidiary may be considered independently owned if it otherwise meets all small business eligibility requirements. In this situation, the individual owners and controllers of the parent or holding company are deemed to control the subsidiary through the parent or holding company.

FTE Employees:
FTE Employees is calculated over the duration of the 12-MONTH (52-WEEK) TAX YEAR using the formula below. A tax year that follows the calendar year refers to the 12 consecutive months beginning Jan. 1 and ending Dec. 31. A fiscal year is any period of 12 consecutive months that ends on any day of any month, except for the last day of December.

The most recently completed tax year will be used to determine Small Business eligibility. For new businesses established during the current tax year in progress, the FTE Employee value will be calculated from the date the business was established through the date the Small Business application was submitted.

REGISTER AS A VENDOR WITH THE COMMONWEALTH

Skip this if you’ve already completed your Commonwealth Vendor Registration and obtained a 6-digit SAP number (Vendor ID) beginning with 1 - 5. See Non-Procurement Vendor IDs in the Troubleshooting section of this guide if you have an SAP number beginning with 6, 7, or 8. Non-Procurement vendors cannot self-certify for Small Business or verify as a Small Diverse Business or Veteran Business Enterprise.

1. Go to the PA Supplier Portal at [www.pasupplierportal.state.pa.us](http://www.pasupplierportal.state.pa.us).
2. Click on Supplier Registration and follow the instructions. View the Vendor Registration Guide for additional instructions.
3. If you get a message “Vendor exists in the system. Please enter Vendor number”, visit the Supplier Lookup to find your 6-digit SAP number at [https://b2b.ies.pa.gov/apps/vendor_lookup/index.html](https://b2b.ies.pa.gov/apps/vendor_lookup/index.html).

**IMPORTANT:** An EIN is required to register on the PA Supplier Portal. To acquire an EIN, visit [https://www.irs.gov/businesses/small-businesses-self-employed/how-to-apply-for-an-ein](https://www.irs.gov/businesses/small-businesses-self-employed/how-to-apply-for-an-ein). The PA Supplier Portal registration includes a “real time” validation that includes the IRS website. Please be aware that it can take anywhere from 7 days up to a month before a newly acquired EIN can be validated. Registrants are directed to wait at least one week (7-10 business days) from the date the IRS provided the EIN before attempting to register in the PA Supplier Portal.

If after two (2) complete weeks from the date of the IRS provided EIN, the registration is still not flowing automatically through the process, the registrant should submit an IRS W9 form or a copy of the actual IRS Letter 147C to ra-psc_supplier_requests@pa.gov or 717-214-0140 (fax) along with an explanation that the PA Supplier Portal registration is not allowing them through step 3. Include a screen shot of the IRS error message.

DEFINITIONS

Dominance – A business dominant in its field of operation is one that exercises control or major influence in its industry.

Full-Time Equivalent (FTE) Employees – Employees includes full-time, part-time, and temporary employees, including owners and management personnel for all facilities, inside and outside the commonwealth.

FTE Employees includes all personnel noted above employed at any point during the given tax year. The value is calculated over the duration of the 12-MONTH (52-WEEK) TAX YEAR using the formula below.

The most recently completed tax year will be used to determine Small Business eligibility. For new businesses established during the current tax year in progress, the FTE Employee value will be calculated from the date the business was established through the date the Small Business application was submitted.

\[
\text{FTE Employees} = \frac{\text{All Hours Worked by All Employees}}{\text{Total Hours in a Full Time Schedule}}
\]

Gross Receipts – The Gross receipts or sales value reported on Line 1a of Federal Form 1065, US Return of Partnership Income, Form 1120, Corporation Income Tax Return, Form 1120S, Income Tax Return for an S Corporation, or Line 1 of Schedule C (Form 1040), Profit or Loss from Business (Sole Proprietorship). This is the value taken before any deductions or subtractions.

Holding or Parent Company – A holding company is a parent company — usually a corporation or LLC — that is created to buy and control the ownership interests of other companies. The companies that are owned or controlled by a corporation holding company or an LLC holding company are called its subsidiaries.

Independence – Factors that determine independent ownership include the date the business was established together with its relationship with other firms in terms of operational and managerial control, personnel, facilities, equipment, financial support, exclusive dealings, and the extent to which resources are shared with other firms. A business that is a subsidiary of another business or is owned principally by another business entity or by a trust (including an employee stock ownership plan) does not meet this requirement. However, if a parent or holding company, established for tax, capitalization, or other purposes consistent with industry practice, in turn owns and controls an operating subsidiary, the subsidiary may be considered independently owned if it otherwise meets all small business eligibility requirements. In this situation, the individual owners and controllers of the parent or holding company are deemed to control the subsidiary through the parent or holding company.

PA Supplier Portal – The commonwealth’s secure site at www.pasupplierportal.state.pa.us that allows commonwealth suppliers and contractors to create an authorized Administrative User providing access to registration and self-management of supplier account data. Vendor registration as a Procurement vendor is required for vendors who wish to do business with the commonwealth and participate in the commonwealth’s Small Business self-certification and Small Diverse Business and Veteran Business Enterprise verification programs.

Parent Company – See Holding Company

PRISM – The commonwealth’s Small Business, Small Diverse Business, and Veteran Business Enterprise online application portal.

SAP Number or Vendor ID – A 6-digit number assigned to vendors who have registered to do business with the commonwealth as Procurement or Non-Procurement vendors through the PA Supplier Portal.
Small Diverse Business (SDB) – The commonwealth’s minority-owned, woman-owned, LGBTQ-owned, disability-owned, and service-disabled veteran-owned business verification program. Eligible businesses must meet the requirements for Small Business self-certification and hold a valid certification from an approved third-party certifier.

Subsidiary – An entity (e.g., a corporation) in which another entity has a controlling share.

Tax Year – A tax year that follows the calendar year refers to the 12 consecutive months beginning Jan. 1 and ending Dec. 31. A fiscal year is any period of 12 consecutive months that ends on any day of any month, except for the last day of December.

Third-Party Certifier – Organization providing certifications accepted by the commonwealth for verification as Small Diverse Business or Veteran Business Enterprise. View a listing of currently accepted third-party certifiers.

Small Business (SB) – A self-certification program for small businesses to participate on commonwealth contracts reserved for small businesses and a prerequisite for Small Diverse Business and Veteran Business Enterprise verification. Eligible businesses must meet the requirements for Small Business self-certification.

Vendor ID – See SAP Number.

Vendor Registration – Vendors wishing to do business with the commonwealth must register and obtain a 6-digit SAP Number (Vendor ID) on the PA Supplier Portal. Procurement vendor registration is for the following descriptions: Procurement, COSTARS, Bids, IFB, ITQ, R3-RFQ, RFGA, RFI, RFP, RFQUAL-P3, SFP, Small Diverse Business, Small Business, Woman-owned Business, Veteran-owned Business, Contracts, Auto ITQ, Construction, eMarketplace. Non-Procurement vendor registration is for the following descriptions: Borrower/Loan Recipient, Day Care, Fire Company, Grantee or Grant Recipient, Government Entities, Other Non-Procurement, Real Estate Leasing or Lessor, School District or Cyber School, Service Provider to Victim of Crime or Victim of Crime, Utility Provider. Non-Procurement vendors cannot self-certify as a small, diverse business or place bids.

Veteran Business Enterprise (VBE) – The commonwealth’s veteran-owned and service-disabled veteran-owned business verification program. Eligible businesses must meet the requirements for Small Business self-certification and hold a valid certification from an approved third-party certifier.
