

ACTIVE SHOOTER EVENTS

An active shooter is an individual actively engaged in killing or attempting to kill persons in a confined and populated area.

Mental preparation and having a plan are vital to help you manage the situation.

FIVE GOOD PRACTICES FOR COPING WITH AN ACTIVE SHOOTER SITUATION

1. Be aware of your environment and any possible dangers
2. Take note of the two nearest exits in any facility you visit
3. If you are in an office, stay there and secure the door
4. If you are in a hallway, get into a room and secure the door
5. As a last resort, attempt to take the active shooter down. When the shooter is at close range and you cannot flee, your chance of survival is much greater if you try to incapacitate him/her.
