

SDB-2
SDB PARTICIPATION SUBMITTAL

CHECK ONE, AND ONLY ONE, BOX. FAILURE TO COMPLY WILL RESULT IN REJECTION OF YOUR BID/PROPOSAL.

Click on bold titles to navigate to that specific page.

I agree to meet the SDB participation goal in full.

I have completed and am submitting with my bid or proposal an **SDB Utilization Schedule (SDB-3)**, which is required in order to be considered for award.

I am requesting a partial waiver of the SDB participation goal.

After making good faith outreach efforts as more fully described in the **Guidance for Documenting Good Faith Efforts to Meet the SDB Participation Goal**, I am unable to achieve the total SDB participation goal for this solicitation and am requesting a partial waiver of the SDB participation goal.

I have completed and am submitting with my bid or proposal both of the following, which are required in order to be considered for award:

1. an **SDB Utilization Schedule (SDB-3)** for that portion of the SDB participation goal that I will meet; AND
2. a **Good Faith Efforts Waiver Request** for the portion of the SDB participation goals that I am unable to meet.

I am requesting a full waiver of the SDB participation goal

After making good faith outreach efforts as more fully described in the **Guidance for Documenting Good Faith Efforts to Meet the SDB Participation Goal**, I am unable to achieve any part of the SDB participation goal for this solicitation and am requesting a full waiver of the SDB participation goal.

I have completed and am submitting with my bid or proposal a **Good Faith Efforts Waiver Request** for the complete SDB participation goal, which is required in order to be considered for award.

NOTE: SDB primes who are submitting as bidders or offerors must complete an **SDB Utilization Schedule (SDB-3)** identifying any self-performance towards the SDB participation goal.

SDB-3
SDB UTILIZATION SCHEDULE

Bidder/Offeree to complete the following:

Amount of SDB participation goal to be met through the use of SDB subcontractors, suppliers, or manufacturers: Bidders/offerees are not required to identify the specific SDB subcontractors, suppliers, or manufacturers within this SDB Utilization Schedule, but must identify the total percentage (%) of work to be performed by SDB subcontractors, suppliers, or manufacturers. However, the selected bidder/offeree must submit Utilization Reports identifying the SDB subcontractors, suppliers, or manufacturers used to meet the portion of the SDB participation goal listed below. To receive credit toward meeting the SDB participation goal, the SDB subcontractor, manufacturer, or supplier must be a DGS-verified SDB as of the date the work to be completed by the SDB commences.

Percentage of work to be performed by SDB subcontractors, suppliers, or manufacturers:

1.2 %

If the Prime Bidder/Offeree is a DGS-verified SDB, complete the following:

SAP Vendor Number (6-digit number): _____

SDB Verification Number (located on DGS SDB verification):

Type of SDB: MBE
 WBE
 LGBTBE
 DOBE
 SDVBE

Description of Work to be Performed (Statement of Work/Specification reference):

Percentage of work to be self-performed by SDB bidder/offeree: _____ %

Part 1 – Anticipated Scopes of Work Offeror Made Available to SDBs

Identify those anticipated scopes of work that the Offeror made available to SDBs. This includes, where appropriate, those items the Offeror identified and subdivided into economically feasible units to facilitate the SDB participation. It is the Offeror's responsibility to demonstrate that the total percentage of the anticipated scopes of work identified for SDB participation met or exceeded the SDB participation goal set for the procurement.

| Anticipated Scopes of Work | Does Offeror normally self-perform this work? | Was this work made available to SDB Firms? If not, explain why. |

SDB-5
GOOD FAITH EFFORTS DOCUMENTATION TO SUPPORT WAIVER REQUEST OF
SDB PARTICIPATION GOAL

Part 3 – SDB Outreach Compliance Statement

- 1. List the Anticipated Scopes of Work for subcontracting opportunities for the solicitation along with specific work categories:**

Horizon solicited SDB's for all work and materials required by the contract, including: Earth moving, Demolition, Hazmat Decontamination, Hazardous Material Disposal, Landscape Architecture materials, Civil Engineering, and Permitting

- 2. Attach to this form copies of written solicitations (with Bid or Proposal instructions) used to solicit Identified SDBs for these subcontract opportunities.**

- 3. Offeror made the following attempts to contact the Identified SDBs:**

Email, fax, telephone

- 4. Bonding Requirements (Please Check One):**

This project does not involve bonding requirements.

Offeror assisted Identified SDBs to fulfill or seek waiver of bonding requirements.
(DESCRIBE EFFORTS):

All SDB's will be covered under Prime Contractor's bond

- 5. Pre-Bid/Proposal Conference or Supplier Forum (Please Check One):**

Offeror did attend the pre-Bid/Proposal/Quote conference or Supplier Forum

No pre-Bid/Proposal/Quote conference or Supplier Forum was held

Offeror did not attend the pre-Bid/Proposal/Quote conference or Supplier Forum

**SDB-5
GOOD FAITH EFFORTS DOCUMENTATION TO SUPPORT WAIVER REQUEST OF SDB PARTICIPATION GOAL**

**NOT APPLICABLE - NO SDB
QUOTES WERE REJECTED.**

Part 4 – Additional Information Regarding Rejected SDBs

This form must be completed if Part 2 indicates that an SDB quote was rejected because the Offeror is using a non-SDB or is self-performing the Anticipated Scopes of Work. List the Anticipated Scopes of Work, indicate whether the work will be self-performed or performed by a non-SDB, and if applicable, state the name of the non-SDB firm. Also include the names of all SDBs and non-SDB firms that provided a quote and the amount of each quote.

| Describe Anticipated Scope of Work not being performed by SDBs | Self-performing or using non-SDB (provide name of non-SDB if applicable) | Reason why SDB quote was rejected along with brief explanation |
|--|---|---|
| | <input type="checkbox"/> self-performing <input type="checkbox"/> using Non-SDB Name: | <input type="checkbox"/> price <input type="checkbox"/> capabilities <input type="checkbox"/> other |

Attach additional sheets as necessary.

SDB-5
GOOD FAITH EFFORTS DOCUMENTATION TO SUPPORT WAIVER REQUEST OF
SDB PARTICIPATION GOAL

Part 5 – SDB Subcontractor Unavailability Certificate

1. It is hereby certified that the firm of _____
(Name of SDB)

located at _____
(Number) (Street)

(City) (State) (Zip)

was offered an opportunity to bid on Solicitation No. _____

by _____
(Name of Prime Contractor's Firm)

2. _____ (SDB), is either unavailable for the work/service or
unable to prepare a Proposal for this project for the following reason(s):

(Signature of SDB's Representative) (Title) (Date)

(DGS SDB Certification #) (Telephone #)

3. If the SDB does not complete this form, the prime contractor must complete the following:

To the best of my knowledge and belief, the above-listed SDB is either unavailable for the anticipated
scopes of work for this project or did not provide a response.

(Signature of Bidder/Offeror) (Title) (Date)

To whom it may concern:

We are soliciting quotes from Small Diverse Business (SDB) firms for a design-build project that is currently out for bids. The owner is the Dept. of General Services (DGS). The project is a building demolition project at McKeever Environmental Center in Mercer County, PA. The project involves final design, E&S Controls, building and sidewalk demolition and disposal, and grading and restoration. There are hazardous materials identified in several of the buildings to be removed including asbestos. It is anticipated that all work will be completed this calendar year.

Please let me know if you are interested in providing any of the above products or services for this project and I can provide you with a link to the project documents.

The project proposal due date is February 28, 2023.

Thank you,
Dale Sorensen
Estimator

Dale

Thank you for the contact. Based on our phone conversation this morning, we have determined that there are no portions of this particular project you are working on at McKeever Environmental Center that align with the engineering design services of HVAC mechanical, electrical, plumbing and fire protection that my company provides, since your contract is primarily a demolition project.

Please, keep us in mind for your next project that is a fit with our offered services and pass the word around to other contractors that may utilize our services in the near future. Thank you.

Best regards,

Anthony A. Osuma

RE: McKeever Environmental Center Demolition Project – Mercer County, PA
Proposal for E&S Design Services

Dear Mr. Sorensen:

The Markosky Engineering Group, Inc. (Markosky) is pleased to submit this proposal to provide engineering services for the subject property in Lake and Sandy Lake Townships, Mercer County.

Scope of Services

Markosky will provide the consulting services required to perform the following tasks at a lump sum fee of \$5,900.00:

Final E&S Plans

This task will include developing final E&S plans and associated E&S Module 1 for inclusion in the NPDES Permit Package for this project, based on the preliminary design developed for the Department of General Services (DGS) by KCI Technologies, Inc and provided as Appendix H in the bid package.

The E&S plan development will be coordinated with the site (demolition) plan design. It is assumed that construction will be completed in one general phase and that no substantial changes to phasing or the site design will be required.

The proposed E&S plan drawings and module will include details and descriptions of the effective BMPs used before, during, and after earth disturbance activities and how requirements are met. Some temporary BMPs may include compost filter sock, rock construction entrances, temporary seeding, and inlet / catch basin protection. Final calculations will be completed for all E&S BMPs on the appropriate standard PADEP E&S worksheets.

Detailed instructions for construction sequencing, installation and removal of E&S control measures, maintenance procedures, specifications, recycling and disposal of waste materials will be included. These plans will be prepared in accordance with the PADEP Erosion and Sediment Pollution Control Program Manual, latest edition, and at a scale of 1" = 40' to match the conceptual plans provided in Appendix H.

It is anticipated that the E&S Plan will include the following:

- General Notes/ Location Map / Construction Sequence (Assume 1 sheet)
- Seeding and Soil Supplement Notes / Maintenance Notes (Assume 1 sheet)
- E&S BMP Details (Assume 2 sheets)
- E&S Plan Sheets (Assume 1 sheet)

Assumptions/Exclusions

- Excludes all additional documentation needed to complete a General NPDES permit application submission for approval, as it is assumed the NOI and other portions of the permit application not scoped above, will be prepared by others.
- Excludes development of project specifications or special provisions, as these are assumed to be sufficient based on the bid package.
- Assume that addressing one round of comments from DGS and one round of comments from Mercer County Conservation District will be necessary to obtain NPDES permit approval.
- Assume that the overall project cover sheet, existing conditions plan, demolition plan, and site restoration plan will be prepared by others.
- Assume no site visits or on-site meetings will be required and no travel expenses are included in this proposal.

If you have any questions regarding this proposal, please contact me at 724-238-4138 or 412-304-2296. We look forward to working with you and thank you for considering Markosky for this opportunity.

Sincerely,

The Markosky Engineering Group, Inc.

Hi Dale,

Thank you for considering us for this solicitation. We will not be able to assist on this project due to our current work load.

Feel free to contact me if you have any questions or concerns. Thank you.

INSCALE ARCHITECTS

A Professional Corporation

SDB-2
SDB PARTICIPATION SUBMITTAL

CHECK ONE, AND ONLY ONE, BOX. FAILURE TO COMPLY WILL RESULT IN REJECTION OF YOUR BID/PROPOSAL.

Click on bold titles to navigate to that specific page.

I agree to meet the SDB participation goal in full.

I have completed and am submitting with my bid or proposal an **SDB Utilization Schedule (SDB-3)**, which is required in order to be considered for award.

I am requesting a partial waiver of the SDB participation goal.

After making good faith outreach efforts as more fully described in the **Guidance for Documenting Good Faith Efforts to Meet the SDB Participation Goal**, I am unable to achieve the total SDB participation goal for this solicitation and am requesting a partial waiver of the SDB participation goal.

I have completed and am submitting with my bid or proposal both of the following, which are required in order to be considered for award:

1. an **SDB Utilization Schedule (SDB-3)** for that portion of the SDB participation goal that I will meet; AND
2. a **Good Faith Efforts Waiver Request** for the portion of the SDB participation goals that I am unable to meet.

I am requesting a full waiver of the SDB participation goal

After making good faith outreach efforts as more fully described in the **Guidance for Documenting Good Faith Efforts to Meet the SDB Participation Goal**, I am unable to achieve any part of the SDB participation goal for this solicitation and am requesting a full waiver of the SDB participation goal.

I have completed and am submitting with my bid or proposal a **Good Faith Efforts Waiver Request** for the complete SDB participation goal, which is required in order to be considered for award.

NOTE: SDB primes who are submitting as bidders or offerors must complete an **SDB Utilization Schedule (SDB-3)** identifying any self-performance towards the SDB participation goal.

SDB-3
SDB UTILIZATION SCHEDULE

Bidder/Offeror to complete the following:

Amount of SDB participation goal to be met through the use of SDB subcontractors, suppliers, or manufacturers: Bidders/offerors are not required to identify the specific SDB subcontractors, suppliers, or manufacturers within this SDB Utilization Schedule, but must identify the total percentage (%) of work to be performed by SDB subcontractors, suppliers, or manufacturers. However, the selected bidder/offeror must submit Utilization Reports identifying the SDB subcontractors, suppliers, or manufacturers used to meet the portion of the SDB participation goal listed below. To receive credit toward meeting the SDB participation goal, the SDB subcontractor, manufacturer, or supplier must be a DGS-verified SDB as of the date the work to be completed by the SDB commences.

Percentage of work to be performed by SDB subcontractors, suppliers, or manufacturers:

_____ 1.1 %

If the Prime Bidder/Offeror is a DGS-verified SDB, complete the following:

SAP Vendor Number (6-digit number): _____

SDB Verification Number (located on DGS SDB verification):

Type of SDB: MBE
 WBE
 LGBTBE
 DOBE
 SDVBE

Description of Work to be Performed (Statement of Work/Specification reference):

Percentage of work to be self-performed by SDB bidder/offeror: _____ %

Part 1 – Anticipated Scopes of Work Offeror Made Available to SDBs

Identify those anticipated scopes of work that the Offeror made available to SDBs. This includes, where appropriate, those items the Offeror identified and subdivided into economically feasible units to facilitate the SDB participation. It is the Offeror's responsibility to demonstrate that the total percentage of the anticipated scopes of work identified for SDB participation met or exceeded the SDB participation goal set for the procurement.

| Anticipated Scopes of Work | Does Offeror normally self-perform this work? | Was this work made available to SDB Firms? If not, explain why. |
|--|--|--|
| UNSPSC Code 22101500 Earth Moving Machinery | <input checked="" type="checkbox"/> yes <input type="checkbox"/> no | <input checked="" type="checkbox"/> yes <input type="checkbox"/> no |

Part 2 – Identified SDBs and Record of Solicitations

Identify the SDBs solicited to provide quotes for the Anticipated Scopes of Work made available for SDB participation. Include the name of the SDB solicited, items of work for which quotes were solicited, date and manner of initial and follow-up solicitations, whether the SDB provided a quote, and whether the SDB is being used toward meeting the SDB participation goal.

Note: Copies of all written solicitations and documentation of follow-up calls to SDBs must be attached to this form. For each Identified SDB listed below, Offeror should submit an SDB Subcontractor Unavailability Certificate signed by the SDB or a statement from the Offeror that the SDB refused to sign the SDB Subcontractor Unavailability Certificate.

| Name of Identified SDB and Classification | Describe Item of Work Solicited | Initial Solicitation Date & Method | Follow-up Solicitation Date & Method | Details for Follow-up Calls | SDB interested in Anticipated Scope of Work? | Will SDB be Used? | Reason SDB Rejected |

SDB-5
GOOD FAITH EFFORTS DOCUMENTATION TO SUPPORT WAIVER REQUEST OF SDB PARTICIPATION GOAL

Part 2 – Identified SDBs and Record of Solicitations

Identify the SDBs solicited to provide quotes for the Anticipated Scopes of Work made available for SDB participation. Include the name of the SDB solicited, items of work for which quotes were solicited, date and manner of initial and follow-up solicitations, whether the SDB provided a quote, and whether the SDB is being used toward meeting the SDB participation goal.

Note: Copies of all written solicitations and documentation of follow-up calls to SDBs must be attached to this form. For each Identified SDB listed below, Offeror should submit an SDB Subcontractor Unavailability Certificate signed by the SDB or a statement from the Offeror that the SDB refused to sign the SDB Subcontractor Unavailability Certificate.

| Name of Identified SDB and Classification | Describe Item of Work Solicited | Initial Solicitation Date & Method | Follow-up Solicitation Date & Method | Details for Follow-up Calls | SDB interested in Anticipated Scope of Work? | Will SDB be Used? | Reason SDB Rejected |
|--|---------------------------------|---|--|--|--|--|--|
| SDB Name: Daft McCune Walker <input type="checkbox"/> MBE <input checked="" type="checkbox"/> WBE <input type="checkbox"/> LGTB <input type="checkbox"/> DOBE <input type="checkbox"/> SDVBE | Civil Engineering, Permitting | Date: 2/16/23 <input type="checkbox"/> mail <input checked="" type="checkbox"/> email <input type="checkbox"/> fax | Date: <input type="checkbox"/> mail <input type="checkbox"/> email <input type="checkbox"/> fax | Date and Time of Call: Spoke with: Left Message: | <input type="checkbox"/> yes <input checked="" type="checkbox"/> no | <input type="checkbox"/> yes <input checked="" type="checkbox"/> no | <input type="checkbox"/> Used other SDB <input type="checkbox"/> Used non-SDB <input type="checkbox"/> Self performing |
| SDB Name: Inscale Architects <input type="checkbox"/> MBE <input checked="" type="checkbox"/> WBE <input type="checkbox"/> LGTB <input type="checkbox"/> DOBE <input type="checkbox"/> SDVBE | Civil Engineering, Permitting | Date: 2/16/23 <input type="checkbox"/> mail <input checked="" type="checkbox"/> email <input type="checkbox"/> fax | Date: <input type="checkbox"/> mail <input type="checkbox"/> email <input type="checkbox"/> fax | Date and Time of Call: Spoke with: Left Message: | <input type="checkbox"/> yes <input checked="" type="checkbox"/> no | <input type="checkbox"/> yes <input checked="" type="checkbox"/> no | <input type="checkbox"/> Used other SDB <input type="checkbox"/> Used non-SDB <input type="checkbox"/> Self performing |

Attach additional sheets as necessary.

SDB-5
GOOD FAITH EFFORTS DOCUMENTATION TO SUPPORT WAIVER REQUEST OF
SDB PARTICIPATION GOAL

Part 3 – SDB Outreach Compliance Statement

- 1. List the Anticipated Scopes of Work for subcontracting opportunities for the solicitation along with specific work categories:**

Horizon solicited SDB's for all work and materials required by the contract, including: Earth moving, Demolition, Hazmat Decontamination, Hazardous Material Disposal, Landscape Architecture materials, Civil Engineering, and Permitting

- 2. Attach to this form copies of written solicitations (with Bid or Proposal instructions) used to solicit Identified SDBs for these subcontract opportunities.**

- 3. Offeror made the following attempts to contact the Identified SDBs:**

Email, fax, telephone

- 4. Bonding Requirements (Please Check One):**

This project does not involve bonding requirements.

Offeror assisted Identified SDBs to fulfill or seek waiver of bonding requirements.
(DESCRIBE EFFORTS):

All SDB's will be covered under Prime Contractor's bond

- 5. Pre-Bid/Proposal Conference or Supplier Forum (Please Check One):**

Offeror did attend the pre-Bid/Proposal/Quote conference or Supplier Forum

No pre-Bid/Proposal/Quote conference or Supplier Forum was held

Offeror did not attend the pre-Bid/Proposal/Quote conference or Supplier Forum

SDB-5
GOOD FAITH EFFORTS DOCUMENTATION TO SUPPORT WAIVER REQUEST OF SDB PARTICIPATION GOAL

NOT APPLICABLE - NO SDB QUOTES WERE REJECTED.

Part 4 – Additional Information Regarding Rejected SDBs

This form must be completed if Part 2 indicates that an SDB quote was rejected because the Offeror is using a non-SDB or is self-performing the Anticipated Scopes of Work. List the Anticipated Scopes of Work, indicate whether the work will be self-performed or performed by a non-SDB, and if applicable, state the name of the non-SDB firm. Also include the names of all SDBs and non-SDB firms that provided a quote and the amount of each quote.

| Describe Anticipated Scope of Work not being performed by SDBs | Self-performing or using non-SDB (provide name of non-SDB if applicable) | Reason why SDB quote was rejected along with brief explanation |
|--|---|---|
| | <input type="checkbox"/> self-performing <input type="checkbox"/> using Non-SDB Name: | <input type="checkbox"/> price <input type="checkbox"/> capabilities <input type="checkbox"/> other |
| | <input type="checkbox"/> self-performing <input type="checkbox"/> using Non-SDB Name: | <input type="checkbox"/> price <input type="checkbox"/> capabilities <input type="checkbox"/> other |

To whom it may concern:

We are soliciting quotes from Small Diverse Business (SDB) firms for a design-build project that is currently out for bids. The owner is the Dept. of General Services (DGS). The project is a building demolition project at McKeever Environmental Center in Mercer County, PA. The project involves final design, E&S Controls, building and sidewalk demolition and disposal, and grading and restoration. There are hazardous materials identified in several of the buildings to be removed including asbestos. It is anticipated that all work will be completed this calendar year.

Please let me know if you are interested in providing any of the above products or services for this project and I can provide you with a link to the project documents.

The project proposal due date is February 28, 2023.

Thank you,
Dale Sorensen
Estimator

Date

Thank you for the contact. Based on our phone conversation this morning, we have determined that there are no portions of this particular project you are working on at McKeever Environmental Center that align with the engineering design services of HVAC mechanical, electrical, plumbing and fire protection that my company provides, since your contract is primarily a demolition project.

Please, keep us in mind for your next project that is a fit with our offered services and pass the word around to other contractors that may utilize our services in the near future. Thank you.

RE: McKeever Environmental Center Demolition Project – Mercer County, PA
Proposal for E&S Design Services

Dear Mr. Sorensen:

The Markosky Engineering Group, Inc. (Markosky) is pleased to submit this proposal to provide engineering services for the subject property in Lake and Sandy Lake Townships, Mercer County.

Scope of Services

Markosky will provide the consulting services required to perform the following tasks at a lump sum fee of \$5,900.00:

Final E&S Plans

This task will include developing final E&S plans and associated E&S Module 1 for inclusion in the NPDES Permit Package for this project, based on the preliminary design developed for the Department of General Services (DGS) by KCI Technologies, Inc and provided as Appendix H in the bid package.

The E&S plan development will be coordinated with the site (demolition) plan design. It is assumed that construction will be completed in one general phase and that no substantial changes to phasing or the site design will be required.

The proposed E&S plan drawings and module will include details and descriptions of the effective BMPs used before, during, and after earth disturbance activities and how requirements are met. Some temporary BMPs may include compost filter sock, rock construction entrances, temporary seeding, and inlet / catch basin protection. Final calculations will be completed for all E&S BMPs on the appropriate standard PADEP E&S worksheets.

Detailed instructions for construction sequencing, installation and removal of E&S control measures, maintenance procedures, specifications, recycling and disposal of waste materials will be included. These plans will be prepared in accordance with the PADEP Erosion and Sediment Pollution Control Program Manual, latest edition, and at a scale of 1" = 40' to match the conceptual plans provided in Appendix H.

It is anticipated that the E&S Plan will include the following:

- General Notes/ Location Map / Construction Sequence (Assume 1 sheet)
- Seeding and Soil Supplement Notes / Maintenance Notes (Assume 1 sheet)
- E&S BMP Details (Assume 2 sheets)
- E&S Plan Sheets (Assume 1 sheet)

Assumptions/Exclusions

- Excludes all additional documentation needed to complete a General NPDES permit application submission for approval, as it is assumed the NOI and other portions of the permit application not scoped above, will be prepared by others.
- Excludes development of project specifications or special provisions, as these are assumed to be sufficient based on the bid package.
- Assume that addressing one round of comments from DGS and one round of comments from Mercer County Conservation District will be necessary to obtain NPDES permit approval.
- Assume that the overall project cover sheet, existing conditions plan, demolition plan, and site restoration plan will be prepared by others.
- Assume no site visits or on-site meetings will be required and no travel expenses are included in this proposal.

If you have any questions regarding this proposal, please contact me at 724-238-4138 or 412-304-2296. We look forward to working with you and thank you for considering Markosky for this opportunity.

Sincerely,

The Markosky Engineering Group, Inc.

Dale,
I would be interested in looking at hazardous materials removal – not asbestos

Subject: Request for SDB Proposals - McKeever Environmental Center

To whom it may concern:

We are soliciting quotes from Small Diverse Business (SDB) firms for a design-build project that is currently out for bids. The owner is the Dept. of General Services (DGS). The project is a building demolition project at McKeever Environmental Center in Mercer County, PA. The project involves final design, E&S Controls, building and sidewalk demolition and disposal, and grading and restoration. There are hazardous materials identified in several of the buildings to be removed including asbestos. It is anticipated that all work will be completed this calendar year.

Please let me know if you are interested in providing any of the above products or services for this project and I can provide you with a link to the project documents.

The project proposal due date is February 28, 2023.

Thank you,
Dale Sorensen
Estimator
