Ground Travel Worksheet

PLEASE NOTE THIS WORKSHEET HAS THREE PAGES OF INFORMATION TO ASSIST TRAVELERS

The Ground Travel Worksheet is provided as a tool for Commonwealth Travelers to identify the least expensive form of Automotive Transportation. Use of the Worksheet is encouraged in determining and verifying that the least expensive mode was properly selected. The Worksheet is not for Travelers who are assigned Commonwealth-owned vehicles or who willingly accept the lower GSA rate.

The Ground Travel Worksheet bases its calculations on the following assumptions:

Enterprise Rental Vehicle costs are based upon:

- 24-hour rental fee for a COMPACT vehicle, if less than 5 days
- Fuel costs based on price per gallon (updated weekly each Monday) and MPG of 25
- NO state taxes and fees, as rentals are paid via direct bill.

PLEASE NOTE: Taxes and fees will show on your reservation, but will be removed upon vehicle return.

For Enterprise Rentals from other categories, add the following additional cost per day:

Full Size*	\$4.00
Mini-van*	\$26.00
12-15 Passenger Van*	Call local branch for cost.
QUICKSTART Option	No charges Sunday - Thursday

**rentals from categories other than Compact, Intermediate or Standard should be based on business/operational needs and must be properly justified by a supervisor.*

For Weekly (5-7 days), Monthly (>21 days) and multi-Month rates, please see page 3.
