

Report Group/Format Option:
County then Agency
Display Bldg Detail: No

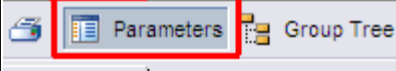

Agency Selected: All Agencies
County Selected: All Counties
Boiler Selection: All Buildings

Inflation Factor 0.00%

The **BRIM Property Report** provides key information on Commonwealth owned and leased facilities. The **Building Location** identifier consists of the following: 2 digit Agency identifier - 2 digit County code - Site ID - Building ID

[Internet Explorer 7 or higher](#) is recommended for viewing photo + document links. No other browsers supported at this time.

Report Parameters

There are 7 report **Parameters (?)** that can be chosen if you are viewing this report with the Crystal Reports 2008 Viewer program.

- Grouping / Formatting** Default value is County then Agency.
- County then Agency - Lists buildings with totals at both levels and page breaks on County.
 - Agency then County - Lists buildings with totals at both levels and page breaks on Agency.
 - No Grouping - A listing of all buildings based on the Agency, County, and Boiler values chosen.

- Select an Agency** - Select all agencies, or a specific agency. Default value is All Agencies.
- Select a County** - Select all counties, or a specific county. Default value is All Counties.
- Show Bldgs w/Boilers** - Select all buildings, or specify just buildings with boilers. Default value is All Buildings.
- Show Bldg Detail** - Displays additional information about the building.
- Hide Cover Page** - This will suppress this first page of information/instructions. Choosing the Export Format will also hide this page.
- Inflation Factor** - Enter Inflation Factor %. Default value is 0. This value inflates Replacement cost.

Navigation Using Contents Tree

An easy way to navigate through the report is to click on the **Contents Tree** button option in the menu bar. This displays a tree structure allowing quick movement between counties and agencies.

Search

The Search function can be used to find certain buildings, e.g. Hospital, Barracks. If the word is not spelled correctly or is abbreviated in the report, it may not be found. See Help for more information.

Google and Bing Maps

In addition to the information in the report, whenever a street address is available, it will serve as a link to Google Maps. This provides a street map of the address, satellite and/or aerial photographs, and in some cases, street level views may be available. A link to the location using Bing maps is available in the detail view. The Commonwealth can not guarantee the accuracy of the information provided by these links. They are provided solely as a convenience to users of the report.

Report Field Definitions and Amounts

Positioning your mouse pointer over a column heading or report field will provide a description of the field.
All \$ amounts are in thousands, e.g. \$25,000K = \$25,000,000

\$12K	768
\$164K	3,735
Replacement cost (in thousands)	

Document and Photo Links

Links to Boiler Certificate, Boiler Inspection Reports, Elevator Certificates, Building Inspection reports, as well as building photos are provided when available. The links are only visible if the information about the location of those documents and pictures has been entered into the system.

- B - Boiler Certificate
- BI - Boiler Inspection
- E - Elevator Certificate
- I - Building Inspection Report

- N - northern facade photo
- E - eastern facade photo
- S - southern facade photo
- W - western facade photo
- A - aerial photo
