

Date of Issue: December 24, 2019

Department of General Services
Energy and Resource Management Office
401 North Street, Room 403 North Office, Harrisburg, PA 17120

Bulletin Number 4
on

Project No. GESA 2019-2 – Request for Quotes for a Guaranteed Energy Savings Project at:
Department of General Services, Capitol Complex, Harrisburg, Pennsylvania

Quote Submission Deadline: Wednesday, January 8, 2020
Time of Opening: 2:00 PM

REQUEST FOR INFORMATION

1. Do bonding requirements coincide with the Assured Performance Guarantee and Measurement and Verification term? **The Contract Bonds assure faithful performance of the contract and for the payment of labor, material, equipment.**
2. Are mechanical drawings available for the Agriculture Vet Lab? **Yes; the files were added to the list of building drawings which can be accessed via this link:**
<https://www.dgs.pa.gov/Facilities/Energy-Savings-Program/Pages/GESA-2019-2-drawings.aspx>
3. Please provide steam trap maintenance plan for the Finance Building. Were there any previous steam trap audits done? Please provide if available. **DGS performs steam trap surveys on an annual basis. The surveys are completed through thermo-imaging or ultrasonic leak detection. Any trap that is found to be failed, is replaced shortly after the survey is completed. Reports from the previous 2 years are attached to this bulletin as Attachment A.**
4. Are there chilled water charges for the buildings served by the Capital chilled water plant (Rachel Carson, Finance and Irvis)? If so, how are they billed? **At this time there is no method in place for billing on chilled water usage. There are no meters in the CHW system to show actual facility usage. Note: Rachel Carson is not supplied Chilled Water from Central Plant.**
5. In the utility information provided by DGS the steam data appears to be missing for the South Office Building. Can this information be provided? **The 5 core buildings (South Office, North Office, Ryan, Main Capitol & East Wing) are billed as one account – NRG Account 001002 (Central Plant).**

Rebecca Tomlinson, RFQ Coordinator
Energy & Resource Management Office
