Commonwealth Agency Goals – Lead-By-Example

Reduce

- Overall energy consumption by 3% per year, and 21% by 2025 from 2017 levels;

Replace

- 25% of the state passenger fleet with Battery Electric Vehicles and Plug-In Hybrid Electric Vehicles by 2025;

Procure

- Renewable energy to offset at least 40% of the Commonwealth's annual electricity, and/or directly purchase renewable power generation sited within PA;

Build

- New buildings, major renovations, build to suit leased buildings to high-performance building standards.

GreenGov Communications – Webinar Series 4

9/2/2022

GreenGov Council & Penn State Sustainability Institute's Sustainability Webinar Series 4

OVERVIEW:
The [GreenGov Council](#) and Penn State's [Sustainability Institute](#) are co-hosting our fourth monthly webinar series on various sustainability topics. All who are interested in expanding their knowledge of sustainability initiatives are invited to participate!
Our goal is to make this series a successful venture to support the commonwealth's progress in uplifting and delivering on sustainability initiatives. To that end, please forward this invitation along to all those who may be interested.

PURPOSE:
The series is intended to give participants opportunities to hear from subject matter experts and receive updates on each topic to enrich their knowledge while engaging in group conversations.
This series will also be a useful tool for agencies to explore options and develop sustainability initiatives while receiving credit within their [GreenGov Agency Certification Checklist](#) (Checklist) program areas. Specifically, the series supports Checklist efforts under the "Culture" category on Employee and Public Engagement (sections 13 and 14).

FORMAT:
In respect of attendee's time, the webinars will be hosted monthly and consist of a 30 minute presentation followed by a 15 minute question & answer session. All presentations will be held via Microsoft Teams webinars and participants should plan to connect utilizing their computers to view and engage.

REGISTRATION:
All interested attendees are asked to complete this sign-up [survey](#) and indicate which presentations they plan to attend. The GreenGov Council will review the survey sign-up submissions and send out Microsoft Teams meeting calendar invitations to each interested participant for their selected webinars.
For any additional questions or comments, you may have regarding registration or webinar content, please contact the GreenGov Council.

MANAGEMENT DIRECTIVE

Commonwealth of Pennsylvania
Governor's Office

Title
Management Directive 720.05 Amended, Energy Management and Conservation in Commonwealth-Owned and Leased Facilities

Date
September 21, 2021

By Direction of

Curtis M. Topper, Secretary of General Services

Contact Agency
Department of General Services, GreenGov Council, Telephone 717.787.4987

This directive establishes policy and responsibilities for the management and conservation of energy in facilities owned and leased by the Commonwealth of Pennsylvania.

1. **PURPOSE.**
To establish policy and responsibilities to manage and conserve energy in all Commonwealth-owned and leased facilities to achieve overall annual energy consumption reduction goals as set forth in *Executive Order 2019-01 Commonwealth Leadership in Addressing Climate Change and Promoting Energy Conservation and Sustainable Governance*, providing cost savings and greenhouse gas emission reductions.
2. **SCOPE.**
This directive applies to all departments, offices, boards, commissions, and councils (hereinafter referred to as "agencies") under the Governor's jurisdiction that occupy space in Commonwealth-owned and leased facilities. The directive also applies to all legislative, judicial, and other independent agencies that occupy Commonwealth-owned and leased facilities controlled by the Department of General Services. Legislative, judicial, and other independent agencies that own or lease their own space should also consider complying with this directive for those facilities.
3. **OBJECTIVES.**
In order to improve energy efficiency of Commonwealth-owned and leased facilities as part of the overall 3% annual reduction of energy consumption stipulated in *Executive Order 2019-01 Commonwealth Leadership in Addressing Climate Change and Promoting Energy Conservation and Sustainable Governance*, agencies shall:
 - a. Utilize program and portfolio management tools including the:
 - (1) Commonwealth Utility Benchmarking Initiative,
 - (2) GreenGov Program,

Large Energy-Reduction Programs
